

QUICK LESSON FOR THOSE ON THE GO

(For this lesson, if possible, use the 1984 New International Version)

Lesson is from Numbers 13:1-33

(vv.1-2) The Lord told Moses to send some men to explore what place?

(v.25) What happened at the end of forty days?

(v.26) They reported to whom? They showed them what?

(vv.27-28) They said the land flows with what? What did they report about the people and their cities?

(v.30) What did Caleb say they should do?

(vv.31-32) What did the other men report? What did they spread?

(v.32) What did they say the land devours? Who was of great size?

(v.33) How did they say they looked to others?

Thoughts to ponder:

Why did Moses send in some men to explore the land?

Why do you think God wanted the land explored?

How was Caleb a man of great faith?

Did the other men who explored the land demonstrate faith?

As we face challenges in our lives, how can we show faith?

Got questions about the lesson, let me know.
